

CALL FOR PAPERS

The IEEE WIE International Leadership Summit'18 will be held alongside the 5th IEEE CiSt Congress on October 23 – 25 2018 in Marrakech, Morocco.

The main objective of the summit is to provide an exclusive platform for women researchers, professionals, innovators and entrepreneurs in ICT to learn from each other, share their knowledge and experience and create an inclusive community that commonly innovates to the benefit of the society, and equally promotes the sense of collaboration, leadership, innovation and entrepreneurial spirit among participants.

Topics and Submission

We solicit submission of original projects and ideas describing significant developments from women researchers and professionals in any ICT related fields, as well as showcases reporting ongoing research or projects achieving significant contributions like prototypes, products, services or applications.

Prospective authors should submit by using the [online paper submission platform](#), a paper up to 6 pages using the [IEEE Manuscript template](#).

Publication

Accepted contributions will be published in the congress proceeding and submitted to IEEE Xplore Library. Furthermore, Authors of high quality papers will be invited to submit an extended version of their work for publication in a special issue/section of an international journal.

The 3 best papers will be awarded during the IEEE Women in Engineering International leadership summit.
