

CALL FOR SPEAKERS

IEEE WIE International Leadership Summits provide regional networking opportunities to foster communication and collaboration. IEEE WIE volunteers are creative, engaged, organized and passionate about making a difference through IEEE WIE International Leadership Summits.

IEEE women in engineering international leadership summit will be held alongside the 5th IEEE International Congress on Information Science and Technology (IEEE CiSt'18).

The main objective of the summit is to provide a platform for women researchers, professionals, innovators and entrepreneurs in ICT to learn from each other, share their knowledge and experience and create an inclusive community that commonly innovates to the benefit of the society. Promote the sense of collaboration, leadership, innovation and entrepreneurial spirit among attendees.

Speakers Requirement

Scholars, educators, researchers, graduate students, thought leaders, and community organizers from all industries and disciplines are encouraged to apply. We welcome individual and group proposals. Formats include panels, workshops and presentations.
